Payment Policy

Thank you for choosing us as your general surgeons. We are committed to providing you with quality care. Because some of our patients have had questions regarding patient and insurance responsibility for services rendered, we have been advised to develop this payment policy. Please read it, ask us any questions you may have, and sign in the space provided. A copy will be provided to you upon request.

1. **Insurance.** We participate in most insurance plans, including Medicare. If you are not insured by a plan we do business with, payment arrangement are expected to be made at your visit. If you are insured by a plan we do business with, but don't have an up-to-date insurance card, a payment is due at the visit. Knowing your insurance benefits is your responsibility. Please contact your insurance company with any questions you may have regarding your coverage.
2. **Co-payments and deductibles.** All co-payments must be paid at the time of service. This arrangement is part of your contract with your insurance company. Failure on our part to collect co-payments from patients can be considered fraud. Please help us in upholding the law by paying your co-payment at each visit.
3. **Non-covered service.** Please be aware that some - and perhaps all - of the service you receive may be non-covered or not considered reasonable or necessary by Medicare or other insurers. You must make payment arrangements for services at the time of the visit.
4. **Proof of insurance.** All patients must complete our patient information form before seeing the doctor. We must obtain a copy of your driver's license and current valid insurance to provide proof of insurance. If you fail to provide us with the correct insurance information in a timely manner, you may be responsible for the balance of a claim.
5. **Claims submission.** We will submit your health insurance claims and assist you in any way we reasonably can help get your claims paid. Your insurance company may need you to supply certain information directly. It is your responsibility to comply with their request. Please be aware that the balance of your claim is your responsibility whether or not your insurance company pays your claim. Your insurance benefit is a contract between you and your insurance company; we are not party to that contract.
6. **Coverage changes.** If your insurance changes, please notify us before your next visit so we can make the appropriate changes to help you receive your maximum benefits. If your insurance company does not pay your claim the balance will automatically be billed to you.
7. **Nonpayment.** Please be aware that if a balance remains unpaid, we may refer your account to a collection agency and you may be discharged from the practice. Our physicians will only be able to treat you on an emergency basis.
8. **Forms.** Fee of \$15.00 is due upon completion of Disability and/or Attending Physician Forms.
9. **Return Checks.** A \$45.00 service fee will be added to all checks returned for insufficient funds. If your check is returned, you will be required to prepay in full by Cash, Visa, MasterCard or Discover for additional services.
10. **Method of Payment.** We accept Cash, Checks/Debit, Visa, MasterCard and Discover. Payment plans may be arranged on an individual basis.

Our practice is committed to providing the best treatment to our patients. Our prices are representative of the usual and customary charges for our area. Thank you for understanding our payment policy. Please let us know if you have any questions or concerns.

I have read and understand the payment policy and agree to abide by its guidelines:

Phone: (712) 396-4320 Fax: (712) 396-4328

This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

This notice applies to Council Bluffs Surgical Associates, P.C.

Council Bluffs Surgical Associates, P.C. will share your health information with each other, as necessary, to carry out treatment, payment and health care options.

Understanding your Health Record/Information

Every time you visit a hospital, physician, or other health care provider, a record of your visit is made. This record may include your symptoms, examination and test results, diagnosis, treatment and plans for future care or treatment. Your medical provider uses this information – often referred to as your health record – to plan your care and treatment. The many health care professionals who assist in your care communicate through your health record. Your health information is also used by insurance companies to verify that services we billed for were actually provided. Although your health record belongs to the health care provider or facility that compiled it, you do have certain rights with regard to your health information.

Your Rights

You have a right to expect that your health information will be kept secure and used only for legitimate purposes.

- You have a right to understand how your health information may be used and disclosed by Council Bluffs Surgical Associates, P.C.
- You have a right to receive this privacy notice that tells you how your health information may be used or disclosed.
- You have a right to ask questions about any health privacy issue and have those questions clearly and promptly answered.
- You have a (limited) right to know who has seen your health information, and for what purpose. If you make additional requests for such an accounting during any 12-month period, we may charge you a reasonable, cost-based fee.
- You have a right to see and to keep a copy of all of your health records (except psychotherapy notes). Your request for a copy of your records must be in writing. We may charge you a reasonable, cost-based, copying fee.
- You have a right to ask for correction – or inclusion of a statement of disagreement – for anything in your records that you feel is in error. Your request must be in writing and include supporting documentation.
- You have a right to authorize – or refuse – additional uses of your health information, such as for fundraising, marketing, or research.
- You have a right to request extra protections for health information you consider especially sensitive, and to request that we communicate with you by alternative means.

Our Responsibilities

We also have certain responsibilities. These include:

- Maintaining the privacy of your health information
- Providing you with a copy of this notice
- Abiding by the terms of this notice
- Notifying you if we are unable to agree to a requested amendment or restrictions
- Accommodating reasonable requests you may have to communicate health information by alternative means or at alternative locations.

If our information practices change, we may change this notice. If we do so, the change will be effective for information gathered both before and after the effective date of such change. However, before we change our practices, we will post a copy of our new notice at Council Bluffs Surgical Associates, P.C. The effective date of our notice will always appear at the end of the notice.

We will not use or disclose your health information without your authorization, except as described in this Notice.

Disclosures for Treatment, Operations Payment and Health Care.

We may use or disclose your information for treatment, payment and health care operations without your permission. However, if state law requires us to obtain your written permission to use or disclose your health information for treatment, payment or health care operations, we will do so.

We will use or disclose your health information for treatment.

For example: Information obtained by a nurse, physician, or other members of your health care team will be recorded in your record and used to determine the course of your treatment. Health care team members will communicate with one another personally and through the health care record to coordinate your care. We may provide your physician or other health care provider with copies of reports that may help that may help determine your future treatment. We may also disclose your information to another health care provider for its payment purposes or its health care operations.

We will use or disclose your health information for payment.

For example: We may send your bill to you or your insurance company. Your bill may contain information that identifies you, as well as your diagnosis, procedures, and supplies used.

We will use or disclose your health information for health care operations and internal business practices.

For example: Members of the medical staff, the risk or quality improvement manager, or members of the quality improvement team may use the information in your health record to assess the care and outcomes in your case and others like it. This information is used in our ongoing efforts to improve the quality and effectiveness of the health care and service we provide.

We will use or disclose your health information in order to avert a serious threat to health or safety.

Specialized Governmental Functions: We may disclose your health information for military and veterans activities, national security, and intelligence activities, and similar special government functions as required or permitted by law.

Correctional Institutions: If you are an inmate of a correctional institution, we may disclose to the institution or agents thereof health information necessary for your health and safety of other individuals.

Law Enforcement: We may disclose your health information for law enforcement purposes as required by law or in response to a valid subpoena, court order or other binding authority.

Disclosures Required by Law: We may use or disclose your health information as required by law provided such use or disclosure complies with and is limited to the relevant requirements of such law.

Health Oversight Agencies: We may disclose your health information to an appropriate health oversight agency; public health authority or attorney involved in health oversight activities.

Judicial and Administrative Proceedings: We may disclose your health information for judicial or administrative proceedings as required or permitted by law or in response to a valid subpoena, court order or other binding authority.

For More Information or to Report a Problem:

If you have questions or would like additional information, you may contact the Privacy Officer at Council Bluffs Surgical Associates, P.C. If you believe your privacy rights have been violated, you can file a complaint with the Privacy Officer, or with the Secretary of Health and Human Services. We will not retaliate against you for filing a complaint.

Effective February 1, 2005

Medical Identity Theft

What is Medical Identity Theft?

Medical Identity Theft occurs when someone uses an individual's name or other parts of the Individual's Identity-Such as insurance information or a Social Security Number-without the victim's knowledge or consent to obtain medical services or goods. Medical Identity Theft can also occur when someone uses the person's Identity to obtain money by falsifying claims for medical services and falsifying medical records to support those claims. The essence of the crime is the use of Medical Identity by criminal and lack of knowledge by the victim.

Why should you be concerned?

Medical Identity Theft can have financial as well as life threatening impact. If your Medical Identity is stolen, you or your insurance can be billed for services you have never received. This could be applied to lifetime maximum benefit amounts. You may not realize the problem until you need to seek treatment for your own medical condition and are told you have no coverage.

If your medical identity is stolen, erroneous information can be entered into your patient record. The medical record would not then accurately reflect your own health information, which could lead to the wrong medical treatment for you.

What can you do to prevent Medical Identity Theft?

1. Be aware of the crime.
2. Be alert. Read your explanation of benefits (EOB) statements from the insurance company. Make sure the services listed were obtained by you. If you have sought services and are expecting a billing statement in the mail from your physicians office, let them know if you don't receive it.
3. You can request a full copy of healthcare files from your healthcare providers for reference.
4. Guard your insurance and Medicare/Medicaid cards and numbers as carefully as you guard your credit cards or Social Security numbers. Do not let other people have access to this information.
5. You can request an annual listing of all benefits paid by insurers.
6. Make sure that all your healthcare providers have plans in place to reduce the risk of Medical Identity Theft.

What is this office doing to help?

We have put in place procedures to detect when incidents of Medical Identity Theft may have occurred (Red Flags). We have a policy and procedures in place to detect, identify and respond to Red Flags. Please don't be offended if we ask you to bring in your driver's license or other photo id, your current health insurance card, or other correspondences showing your current resident if the photo id does not show your current address. And finally, please be patient with us when we ask you to check and update your information at each appointment. We are trying to protect you.

What should you do if you feel you have been the victim of Identity Theft?

Contact this office, and all your healthcare providers, to notify us of your concerns, Will address them immediately. You may also contact local law enforcement as well as the Federal Trade Commission at 1-877-438-4338 or go to the FTC on line at <http://www.ftc.gov/opa/2002/02/idtheft.shtm>.

Patient Policies

Phone Calls

Phone calls are accepted Monday through Friday, 8am-4:30pm. The office phone number is 712-396-4320. If you have an emergency, please go to the closest emergency room or call 911! For less urgent situations that cannot wait until regular business hours, please call our office and leave a message with the answering service to have the physician paged. The doctor will return your call as soon as possible.

Appointment Scheduling

Appointments are available Monday through Friday from 9am-4pm. To schedule an appointment, call the office at 712-396-4320. We require 24-hour notice if you need to cancel or re-schedule an appointment so that we can use the time to accommodate other patients. If you arrive more than 15 minutes late, we may need to ask that you reschedule your appointment, depending on the situation. If you no show for an appointment more than 2 times it may result in being dismissed from the practice. You should bring your insurance card, photo ID and medication list to all appointments.

Please Note: If you are scheduled for surgery, someone from the hospital will call before surgery to let you know what time to arrive at the hospital and where to go when you arrive.

Referrals/Pre-certification

It is your responsibility as a patient to determine if your insurance requires a referral and to obtain a referral from your primary care physician. Please also verify that the physicians are approved providers with your insurance company.

Billing/Payment Information

Co-pays are due at the time of your visit, when checking in for your appointment.

Please bring your insurance card and photo ID with you to each visit for verification. Please notify us of home address, phone number and/or insurance changes. This will allow for proper contact and billing. All other billing and payment information is provided on our payment policy.

Test Results

Test result will be shared with you by phone, unless otherwise instructed by the provider. If you have questions about test results, please call our office during normal business hours at 712-396-4320.

Prescriptions

Our physicians will only provide refills for the medications that they have prescribed for you. We ask that all refill requests are during regular business hours.

Please remember to ask for any refills at the time of your appointment. If you need medication refills, and do not have an appointment, please have your pharmacy call the office before you are completely out of your medication, as refills may take as long as 24 hours to be refilled.

On weekends, holidays, or after hours, call our main number 712-396-4320 and you will be put in contact with our answering service who will contact the physician on call. Since this may not be your prescribing physician, they will need all the information found on the label of your medication bottle. If you do not have the appropriate information, or under certain circumstances, it is possible that your prescription will not be refillable at that time, and you may need to wait until the office reopens.

Please understand that certain medications cannot be phoned in to a pharmacy and require a security prescription each and every time it is filled. If this is the case, please plan in advance for this, as our physicians are not in the office every day. You will need to pick up the prescription in person at the office. This mainly applies to certain types of pain medication.

Council Bluffs Surgical Associates, P.C.

Council Bluffs Surgical Associates, P.C. has implemented IQHealth.com, which is a site that allows patients to review current medications, lab and surgeries. IQhealth .com is also a pathway to cbsurgical.com website.

Access to the IQHealth.com requires your personal email address and for security purposes the last four digits of your Social Security number. Council Bluffs Surgical Associates will forward you an invitation to access your medical records. If you are interested in this service you can accept or simply ignore the invitation.

Communication between you and the physician will not be accepted through the IQHealth.com portal. Please contact our office with any questions or concerns at 712-396-4320.

I, give permission to Council Bluffs Surgical Associates, P.C., to use my personal email address for IQHealth.com.
